## COUNTY COURT.

The May Term Now in Session at Salem.

The May term of Roanoke county court convened yesterday morning.

Judge Wingfield Griffin presided and the following business was transacted:

A special grand jury was sworn and empaneled, consisting of J. D. Deyrie, foreman; F. R. Goodwin, J. P. Gwathney, J. F. Medley, W. B. Trevis, J. N. Strickler, Charles E. Graham, B. P. Moenaw, J. T. Tinnell, and presented:

Commonwealth vs. John Carroll, petit larceny; Commonwealth vs. Branch Allen, assault and battery. They were then discharged.

R. M. Blackwell &amp; Co., were granted license to sell malt liquor on the Franklin road, near Piney Grove, with a bond of \$200.

The commissioners appointed to view the land of F. N. Painter and wife, upon Cleveland avenue, reported \$60 damages. Report confirmed.

Loudon Johnson, indicted for feloniously wounding Philip Russ in a disturbance on Main street, was tried before a jury who found him guilty and fixed his fine at \$10.

Robert M. Armstrong qualified as attorney.

The commissioners appointed to view the proposed road through the lands of the Washington Club Land Company returned their reports and, the same not agreeing, Messrs. H. M. Garst, Jos. Stoutamire, William Cook, James A. Garst and John H. Camper were appointed new commissioners by the court.

In this case W. Montgomery represented the land company.

Mrs. Minnie James was appointed guardian of the orphans of M. R. James, deceased, with bond of \$50.

In the case of John Carroll, charged with stealing clothing last September from M. L. Butler and J. W. Giles, the prisoner, through his counsel, J. S. Baer, pleaded not guilty. The following jury was sworn: Jack Garst, E. A. Bishop, K. H. Allen, J. W. Rettinger, S. J. Bohon, G. B. Bohon, Joseph A. Owens, James A. Garst, H. H. Blankenship, John E. Bradley, W. C. Goode and Berry Brillhart.

They rendered the following verdict: "We, the jury, find the prisoner guilty of petty larceny, and fix his punishment at fifteen days in jail." A motion made to set aside the verdict as contrary to the law and evidence was taken under advisement by the court.

Meeting of County Democrats.

At the meeting of Roanoke county Democrats, held in the town hall yesterday afternoon, Charles D. Denit was elected chairman and Frank A. Lovelock secretary and the following business was transacted:

Resolutions of respect to the late Senator Barbour, offered by Col. R. H. Logan were unanimously adopted by a rising vote, after which the following resolution was carried:

"That a committee of one from each magisterial district in the county be selected and report to this meeting the result of the recent primaries."

The following delegates and alternates were then reported:

Salem district—Delegates: O. L. Stearnes, W. Griffin, A. M. Bowman, H. F. Thomas and N. B. Dillard. Alternates: Charles D. Denit, F. G. Webber, A. B. Pugh, R. H. Logan and D. B. Strouse.

Big Lick—Delegates: G. W. Muse, M. M. Rogers, W. P. Moenaw and W. W. Berkeley. Alternates: D. H. Smith, R. D. Gunn, E. F. Morgan and F. A. Gish.

Cave Spring—Delegates: John A. Persinger and J. W. Berry. Alternates: Dr. G. D. White and R. Blackwell.

Catawba—Delegates: Berry Brillhart, with right to appoint his own alternates.

It was then moved and adopted that in the event a full delegation of Roanoke county is not present at the State convention the delegation there present is authorized to cast the full vote of said county.

In the matter of electing a new county chairman the names of O. L. Stearnes, of Salem, and M. M. Rogers, of Roanoke, were voted on, the latter being elected, receiving 49 votes, whilst Professor Stearnes received 41. The election of Captain Rogers was made unanimous, and the captain, in taking the chair, made a neat speech of acceptance.

A vote of thanks was passed for the faithful and untiring energy with which Col. Bowman has discharged the office of county chairman.

The following county committee was then elected:

Salem District—O. L. Stearnes, W. W. Moffett, C. L. Hatcher, J. Lloyd and W. Simpson.

Big Lick—G. W. Muse, W. P. Moenaw, W. P. Wood, and W. L. Williamson.

Cave Spring—J. Coles Terry and Lewis Greenwood.

Catawba—Blanton S. Burnett.

## BREVITIES.

Officer Johnson yesterday shot and killed a stray cat supposed to be mad, and which was seen hanging around in a suspicious manner.

Capt. Felix and E. Oppenheim, Sr., were amongst those from Roanoke in town yesterday.

At a meeting of the executive committee of the Baptist Orphanage, held in the office of C. R. Towson yesterday morning, there were present Messrs. Cooke, Beale, Evans, Stearnes, Towson, Whitescaver, Hobbie and Price.

It was the unanimous opinion of those present that every effort should be made to open the orphanage by the first of June. Nineteen orphans have already been accepted by the committee, and the necessary papers for the relinquishing of all claims of guardians to these children are now being put through the courts. It was decided that the children should wear a uniform to be specified later. Miss Walker, of King and Queen counties, was elected matron, and Miss Lelia Lyle, of Augusta county, teacher.

## TEACHINGS OF SCIENCE.

M. LE CHATELIER states that by means of his pyrometer he has discovered that the temperatures which occur in melting steel and in other industrial operations have been overestimated.

How best to protect wire ropes from the corrosive influences to which they are subjected is one of the practical questions of the day. It is now proposed to cover the wire with a lead coating.

The primal principle of economy in steam engine practice is simply to use the steam as hot and as dry as possible, and after it has done its work to get it out of the way as quickly as possible. This is the simplest way of expressing it.

Some experiments in connection with the artificial production of clouds by burning cases of resinous matter were lately made in Paris, but were only partially successful on account of the wind carrying the clouds away as soon as formed.

DR. HEIM, of Zurich, says that the most agreeable death is by falling. He has talked with a great many people who have escaped death by falling by a hair's breadth only, and reports that those who have experienced such accidents suffer no pain and no terror.

## PERSONAL POINTERS.

PATSY SEARS, of Howard county, Ind., aged one hundred and eight years, has been a church member a hundred years.

N. C. CREED, who recently roamed the mountains of Colorado a poor and friendless prospector, is said to have been offered \$1,000,000 by D. H. Moffat for his interest in the Amethyst mine.

SAMUEL DAVIS, of Whitneyville, Mo., who is eighty-four years of age, shot four foxes in one day, making a total of forty this season. He says that "foxes are uncommon cute critters, but they're easy to get if you know how."

W. C. CRAWFORD is now, at the age of eighty-six, living in destitution at Alvarado, Tex. He is the sole survivor of the band of patriots who signed the declaration of Texas independence at Washington on the Brazos river March 2, 1836.

HENRY GEORGE has taken from the porch the widow of the man who bequeathed to him his fortune, and has provided her with a comfortable home. All this, notwithstanding Mr. George never realized anything to speak of from the legacy.

HAP, MISHAP AND HAPPENING.

A SINGLE gold brick was recently shipped to San Francisco from Yuma, the value of which was estimated at from \$50,000 to \$60,000.

The first shipment of bananas by rail from New Orleans to San Francisco was recently made. Heretofore such fruit has reached San Francisco only by steamer.

## NOTED PROGRESS.

ENGLAND uses paper barrels.

CHRONOMETERS are now being made that are capable of measuring to the ten-thousandth part of a second.

CHICAGO skaters are to have a skating rink with real ice to glide over all the year round. The ice is to be made artificially and the surface renewed every night. The temperature of the room will be about forty degrees, winter and summer.

A RECENT invention is a buoyant life-saving seat for ships. It is intended for a deck seat, the upper and lower parts being made of buoyant material, so that, if thrown into the water, the apparatus will support several persons comfortably.

A TRAVELER'S pipe is an English invention. The bowl has a hook attached to it which can be inserted in the buttonhole of the coat, while a tube communicates with the mouthpiece. The smoker thus has both hands free to be occupied as he finds necessary.

## WHAT THEY THINK.

MISS JEAN DALRYMPLE, the palmist, said in a recent lecture in London that "the thumb reveals the nature of the man."

PROF. COLIN, of Cornell, told his students the other day that the man who sells his vote for money is more to be respected than the man who stays away from the polls and does not vote at all.

A GREAT beekeeper of Hampshire, Eng., declares that bees do not succeed on any extent in the storing of honey whenever there are wars and dissensions in Europe, whether her majesty's troops are engaged or not.

## FADS AND FASHIONS.

BROCADED coats with Watteau backs are among the new importations.

EMBROIDERY is in high favor on all dressy and semi-dressy costumes.

DRESSES of black and colored net, with plain net edgings as flouncings, are worn.

WARM and inexpensive quilts are made of newspapers, with perforations every few inches, to permit ventilation. The papers are inclosed in cellophane or cretonne.

These advantages can be secured at THE E. H. STEWART FURNITURE CO., where larger stocks of Furniture, Carpets, Wall Paper, Curtains, Glass and China can be found than in most houses that confine themselves to these separate lines.
